Priyadharshini\_K

The screenshot shows the IBM Cloud Dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Priyadharshini K's Acco...). Below the navigation bar, the main section is titled "Dashboard" with a dropdown arrow. To the right of the title are links for "Edit dashboard", "Upgrade account", and a prominent blue "Create resource" button. The dashboard is divided into two main sections. The top section, labeled "For you", contains a row of six cards. The first card is blue and titled "Build", with the subtitle "Explore IBM Cloud with this selection of easy starter tutorials and services." The other five cards are white with light blue accents and each has a lightbulb icon. They are: "Build a web app with Watson Speech to Text" (15 min, Getting started), "Get Started with Watson Studio" (2 hr, Popular), "Build a Virtual Private Cloud (VPC)" (7 min, Getting started), "IBM Watson Knowledge Catalog" (2 min, Recommended), and "Build a virtual machine" (7 min, Getting started). The bottom section contains four cards: "News" (with a list of articles and a "View all" link), "Recent support cases" (with a "View all" link), "Planned maintenance" (with a "View all" link), and "IBM Cloud status" (with a "View all" link and a world map visualization).

Swathy\_K

This screenshot shows the same IBM Cloud Dashboard interface as the one above, but it is displayed on a monitor. The browser window at the top shows the URL "cloud.ibm.com" and the user's name "swathy k's ...". The dashboard layout is identical to the first image, featuring the same navigation bar, "Dashboard" title, "Create resource" button, "For you" section with six tutorial cards, and the bottom section with "News", "Recent support cases", "Planned maintenance", and "IBM Cloud status" cards. The monitor's taskbar is visible at the bottom, showing various application icons and the system clock indicating 09:06 PM on 14-11-2022.
